

TOUBLOU ELOM SAMUEL

Economist · Data Analyst — Starting a Master's in Financial Engineering

Lomé, Togo | +228 93 87 94 93 | toublousamuel@gmail.com | linkedin.com/in/elom-samuel-toublou-056446346 | elom200-git.github.io/Portfolio-V2

1. ACADEMIC BACKGROUND

BA in International Economics

2025

Faculty of Economics and Management (FASEG), Université de Lomé

- Overall GPA: 13.28/20
- Class ranking: 11th of 61 (cohort ranking certificate, 2025)

2. RESEARCH INTERESTS

- International trade and export diversification in sub-Saharan Africa — research project drafted at FASEG: “International trade and export diversification in sub-Saharan Africa,” analyzing the determinants and levers of export diversification, from the perspective of international trade and economic development
- Quantitative methods applied to development economics and financial analysis
- Data-driven economic modeling (Python, Power BI, Excel)

3. METHODOLOGICAL AND QUANTITATIVE SKILLS

- **Excel:** advanced mastery (pivot tables, advanced functions, automation)
- **Power BI:** star-schema modeling, DAX measures, visual data reporting
- **Python (pandas, numpy):** data processing and analysis
- **SQL:** database querying and manipulation
- **R:** statistical analysis
- **VBA**
- Structuring and synthesizing complex information into actionable recommendations for decision-makers

4. ANALYTICAL EXPERIENCE AND PROJECTS

Data Analyst

Aug 2025 – Aug 2026

CUBE SAEI, Lomé (one-off engagement, completed)

- Data analyst on several of the organization's internal projects and tools

Independent Data Analyst

Nov 2024 – Nov 2025

Various engagements with local SMEs, Lomé

- Cleaned, structured and analyzed complex databases (10,000+ rows)
- Built automated dashboards (Excel/VBA) that cut processing time by up to 80%
- Produced recommendations from trend and performance-variance analysis

Field Sales Analyst

May 2024 – Nov 2024

DIGICOM TOGO

- Sales data analysis; weekly reporting on performance and commercial indicators

Independent analytical projects

- **Tax revenue analysis — OTR Togo:** consolidated 5,000+ rows across 4 relational tables, Power BI dashboard, growth and recovery-rate modeling
- **Sales performance analysis:** Power BI decision report on 10,000+ transactions, margin and variance analysis
- **Transport Intelligence:** complete BI dashboard (Python/Streamlit) for the transport sector, from data generation to visual reporting

5. TEACHING AND TRAINING EXPERIENCE

Trainer — VBA for professionals and students

Jul 13 – Aug 31, 2026 (6 weeks)

Personal initiative, Lomé

- Designed and delivered a training program for an audience looking to deepen their skills in a field still rarely taught in Togo
- Built the course materials and assessments (multiple-choice tests)
- An initiative driven by the drive to learn and to share that knowledge with others

Trainer — Big Data and Data Governance

Apr – Jul 2026 (3 months)

CUBE – ISM B: Institut Supérieur Monseigneur Bakassi (university accredited by the Togolese State), under a cooperation partnership

- Designed and taught courses to final-year students
- Supported them through to their validation and state-recognized certification
- An opportunity to deepen my own knowledge of data governance by teaching it

Trainer — D-CLIC Program Phase 3 (OIF)

Aug 2025 – Apr 2026

Data Analyst & Data Protection track, delivered across Togo by CUBE SAEI on behalf of the OIF

- Trained 100+ learners in data tools (Excel, Python, SQL, Power BI)
- Designed teaching materials and presentations; one-on-one support on real-world projects
- Completion attestation issued by the OIF on April 2, 2026
- Volunteer engagement, with no employment relationship or salary

6. CERTIFICATIONS

- Data Analysis: UNICEF, online training — August 18, 2026
- English, B1 level: freeCodeCamp — May 4, 2026
- Completion attestation, D-CLIC Program Phase 3 Trainer, OIF — April 2, 2026
- Google Data Analytics: Google Digital Workshops / Coursera (7-certificate track covering data analysis and visualization) — September 3, 2025
- Communication & Digital Marketing, D-CLIC Program Phase 2, OIF — April 30, 2025
- Fundamentals of Digital Marketing: Google — April 18, 2023
- English, Intermediate 1 level: English Language Center (ELC) — June 24, 2023

7. PROFESSIONAL INTERESTS

- Regional economic integration in sub-Saharan Africa
- Business intelligence and financial modeling for emerging-market firms
- Teaching and making quantitative methods accessible to non-specialists

8. LANGUAGES

- French — native language
- English — B1 level (freeCodeCamp, 04/05/2026); Intermediate 1 level (English Language Center, 24/06/2023)
